## **COMMENTS INVITED ON APPLICATION OF PROGRESSIVE RURAL TELEPHONE COOPERATIVE TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 15-272**  
**Comp. Pol. File No. 1252**

**Comments Due: December 17, 2015**

### **Section 214 Application**

**Applicant: Progressive Rural Telephone Cooperative**

On November 2, 2015, Progressive Rural Telephone Cooperative (Progressive or Applicant), located at 890 Simpson Avenue, Rentz, GA 31075, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended,<sup>1</sup> and section 63.71 of the Commission's rules,<sup>2</sup> to discontinue certain domestic telecommunications services in the State of Georgia within the company's service area of central Georgia including portions of Bleckley, Dodge, Laurens, Wheeler and Wilkinson Counties (Service Area).<sup>3</sup>

Progressive indicates that it currently offers certain operator services, including Local Operator Services with "0" dialing to reach an operator; Local Operator-Assisted Calls with "0+10" dialing for operator-assisted calling services and operator-assisted calling card services; Busy Line Verification/Busy Line Interrupt Services; and Directory Assistance Services (collectively, Affected Services). Progressive asserts, however, that there has been a lack of customer demand for the Affected Services. Progressive specifies that operator services time for the preceding 12 months averaged less than one second per customer, and directory assistance calls for the same period averaged less than one tenth of a call per customer. Accordingly, Progressive submits that it made a business decision to discontinue the Affected Services in the Service Area on or about December 30, 2015, or upon completion of all necessary federal and state regulatory approvals. Progressive indicates that it sent notice of the proposed discontinuance to all affected customers via a bill message on November 2, 2015. Progressive adds that it printed the bill message notice on a separate page so that it could be readily visible. Progressive emphasizes that the proposed discontinuance is limited to the Affected Services and customers can continue to reach a long distance operator by dialing "00" to the extent that their presubscribed interexchange carrier offers operator services. Progressive states further that local exchange service also will continue without interruption. The Applicant maintains that its customers will not be adversely affected by the proposed discontinuance because customers

<sup>2</sup> 47 C.F.R. § 63.71.

<sup>3</sup> See Section 63.71 Application of Progressive Rural Telephone Cooperative for Authority to Discontinue Certain Services, WC Docket No. 15-272 (filed Nov. 2, 2015), <http://apps.fcc.gov/ecfs/comment/view?id=60001305961> (Application).

are using new technologies and choosing widely available alternatives to the Affected Services. Progressive asserts that it is an incumbent local exchange carrier and considered dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(d) of the Commission's rules, Progressive's application will be deemed granted automatically on January 16, 2016, the 60th day after the release date of this Public Notice, unless the Commission notifies Progressive that the grant will not be automatically effective.<sup>4</sup> We note that the date on which an application for Commission authorization is deemed granted may be different from the date on which an applicant is authorized to discontinue, reduce, or impair service. In the Application, Progressive indicates that it plans to discontinue the Affected Services in the Service Area on or about December 30, 2015, or upon completion of all necessary federal and state regulatory approvals. Accordingly, pursuant to section 63.71(d), and the terms of the Application, absent further Commission action, Progressive may discontinue, reduce or impair the Affected Services in the Service Area on or after **January 16, 2016**, in accordance with Progressive's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected. For purposes of computation of time when filing a petition for reconsideration or application for review, or for judicial review of the Commission's decision, the date of "public notice" shall be the latter of the auto grant date stated above in this Public Notice, or the release date of any further public notice or order announcing final action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding listed in this Public Notice shall be terminated, and the docket will be closed.
